Wi-Fi and battery backup capable.  
Easy programming.  
Universal rail systems.

**The Genuine. The Original.**

# RESIDENTIAL GARAGE DOOR OPENER MODELS

## Infinity™ 2000

Quiet, powerful and compact wall mount design

### MODEL 9020H

Direct drive wall mount

- Safe-T-Pulse™ System – Patent-pending system using electronic pulses during initial door travel to detect slack cables & stop unsafe operation if necessary.
- 24V DC motor
- Opening speed: Up to 7.5 in/second†
- LED light fixture included
- 15 Year Limited motor warranty
- For residential sectional doors up to 14' high and 850 lbs
- CodeDodger® access security system
- Includes door lock
- 6' power cord standard

LED light fixture

Battery Backup capable

### MODEL 9120H-B

Direct drive wall mount

OHD**ANYWHERE**™

- Integrated Wi-Fi with OHD Anywhere®
- Integrated Battery Backup 
- Safe-T-Pulse™ System – Patent-pending system using electronic pulses during initial door travel to detect slack cables & stop unsafe operation if necessary.
- 24V DC motor
- Opening speed: Up to 7.5 in/second†
- LED light fixture included
- 15 Year Limited motor warranty
- For residential sectional doors up to 14' high and 850 lbs
- CodeDodger® access security system
- Includes door lock
- 6' power cord standard

LED light fixture

## Destiny® 1500

Power, speed, intelligence and convenience

### MODEL 8060

Direct screw drive

- 140V DC motor
- Opening speed: Up to 12.0 in/second†
- Maintenance free screw drive rail
- Limited lifetime motor and screw drive rail warranty \*
- For residential sectional doors up to 14' high; one-piece doors up to 8' high
- Motion detector lighting
- Bright lighting with capacity for (2) OHD LED Bulbs (recommended); 100 watt incandescent or CFL bulbs
- CodeDodger® access security system
- Available for use with heavy-duty rail

Battery Backup capable

### MODEL 8160H

Direct screw drive

OHD**ANYWHERE**™

- Integrated Wi-Fi with OHD Anywhere®
- 140V DC motor
- Opening speed: Up to 12.0 in/second†
- Limited lifetime motor and screw drive rail warranty \*
- For residential sectional doors up to 14' high; one-piece doors up to 8' high
- Motion detector lighting
- Bright lighting with capacity for (2) OHD LED Bulbs (recommended); 100 watt incandescent or CFL bulbs
- CodeDodger® access security system
- Available for use with heavy-duty rail
- 6' power cord standard

Battery Backup capable

# Destiny® 1200

Quiet yet powerful with the ultimate in convenience

## MODEL 8030

Belt or chain

- 140V DC motor
- Opening speed: up to 9.0 in/second†
- Limited lifetime motor and gearbox warranty \*
- For residential sectional doors up to 14' high; one-piece doors up to 8' high
- Motion detector lighting
- Bright lighting with capacity for (2) OHD LED Bulbs (recommended); 100 watt incandescent or CFL bulbs
- CodeDodger® access security system
- Available for use with heavy-duty rail

 Battery Backup capable

\*See full warranty for details. † +/- 0.5 in/sec. Speed will slow for one-piece doors.

## MODEL 8130H

Belt or chain

OHD **ANYWHERE**™

- Integrated Wi-Fi with OHD Anywhere®
- 140V DC motor
- Opening speed: up to 9.0 in/second†
- Limited lifetime motor and gearbox warranty \*
- For residential sectional doors up to 14' high; one-piece doors up to 8' high
- Motion detector lighting
- Bright lighting with capacity for (2) OHD LED Bulbs (recommended); 100 watt incandescent or CFL bulbs
- CodeDodger® access security system
- Available for use with heavy-duty rail
- 6' power cord standard

 Battery Backup capable

### California Residents:

As required by California State Law SB-969, all newly installed openers must have battery backup as of 07/01/2019.

# RESIDENTIAL GARAGE DOOR OPENER MODELS

## Odyssey® 1200

Power, speed, and intelligence

MODEL 7060

Direct screw drive

- 140V DC motor
- Opening speed: Up to 10.0 in/second†
- Maintenance free screw drive rail
- Limited lifetime motor and screw drive rail warranty \*
- For residential sectional doors up to 14' high; one-piece doors up to 8' high
- Motion detector lighting
- Bright lighting with capacity for (2) OHD LED Bulbs (recommended); 100 watt incandescent or CFL bulbs
- CodeDodger® access security system
- Available for use with heavy-duty rail

 Battery Backup capable

## Legacy® 920

Flexible platform with power and reliability

MODEL 7020H/7020H-B

Belt or chain drive

- 24V DC motor
- Opening speed: Up to 7.0 in/second†
- 15 year motor and integrated gearbox limited warranty\*
- For residential sectional doors up to 10' high
- DC motor for quiet operation and lighter handling
- Bright lighting with capacity for (2) OHD LED Bulbs (recommended); 60 watt incandescent or CFL bulbs
- C-channel rail for strength and aesthetics
- CodeDodger® access security system
- 6' power cord standard
- Available for use with heavy-duty rail
-  Can be ordered with (7020H-B) or without (7020H) optional integrated battery backup

## Odyssey® 1000

Quiet yet powerful performance

MODEL 7030

Belt or chain drive

- 140V DC motor
- Opening speed: Up to 7.5 in/second†
- Limited lifetime motor and gearbox warranty\*
- For residential sectional doors up to 14' high; one-piece doors up to 8' high
- Bright lighting with capacity for (2) OHD LED Bulbs (recommended); 100 watt incandescent or CFL bulbs
- CodeDodger® access security system
- Available for use with heavy-duty rail

 Battery Backup capable

MODEL 7120H/7120H-B

Belt or chain drive

OHD **ANYWHERE**®

- **Integrated Wi-Fi with OHD Anywhere®**
- 24V DC motor
- Opening speed: Up to 7.0 in/second†
- 15 year motor and integrated gearbox limited warranty\*
- For residential sectional doors up to 10' high
- DC motor for quiet operation and lighter handling
- Bright lighting with capacity for (2) OHD LED Bulbs (recommended); 60 watt incandescent or CFL bulbs
- C-channel rail for strength and aesthetics
- CodeDodger® access security system
- 6' power cord standard
- Available for use with heavy-duty rail
-  Can be ordered with (7120H-B) or without (7120H) optional integrated battery backup

\*See full warranty for details. † +/- 0.5 in/sec. Speed will slow for one-piece doors.

# Legacy<sup>®</sup> 850

Power, value and reliability

## MODEL 2029/2029B

Belt or chain drive

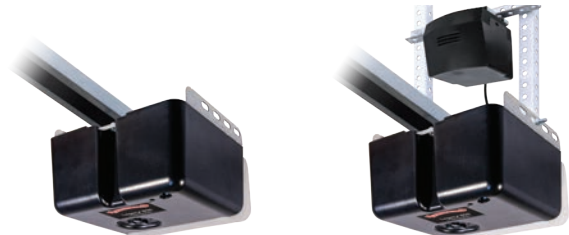

- 24V DC motor
- Opening speed: Up to 7.0 in/second<sup>†</sup>
- 10 year motor and integrated gearbox limited warranty\*
- For residential sectional doors up to 8' high
- DC motor for quiet operation and lighter handling
- Standard lighting with capacity for (1) OHD LED Bulb (recommended); 60 watt incandescent or CFL bulb
- C-channel rail for strength and aesthetics
- CodeDodger<sup>®</sup> access security system
- Available for use with heavy-duty rail
- Can be ordered with (2029B) or without (2029) optional battery backup at time of purchase only

## MODEL 2129/2129B

Belt or chain drive

OHD **ANYWHERE**<sup>®</sup>

- Integrated Wi-Fi with OHD Anywhere<sup>®</sup>
- 24V DC motor
- Opening speed: Up to 7.0 in/second<sup>†</sup>
- 10 year motor and integrated gearbox limited warranty\*
- For residential sectional doors up to 8' high
- DC motor for quiet operation and lighter handling
- Standard lighting with capacity for (1) OHD LED Bulb (recommended); 60 watt incandescent or CFL bulb
- C-channel rail for strength and aesthetics
- CodeDodger<sup>®</sup> access security system
- Available for use with heavy-duty rail
- Can be ordered with (2129B) or without (2129) optional battery backup at time of purchase only

# Legacy<sup>®</sup> 650

Value and reliability

## MODEL 1029/1029B

Belt or chain drive

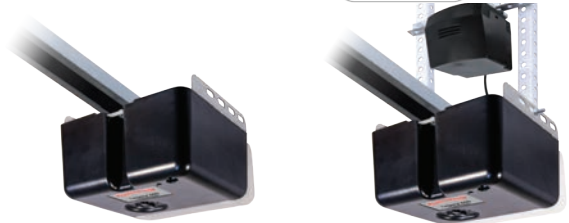

- 24V DC motor
- Opening speed: Up to 6.5 in/second<sup>†</sup>
- 5 year motor and integrated gearbox limited warranty\*
- For residential sectional doors up to 8' high
- DC motor for quiet operation and lighter handling
- Standard lighting with capacity for (1) OHD LED Bulb (recommended); 60 watt incandescent or CFL bulb
- C-channel rail for strength and aesthetics
- CodeDodger<sup>®</sup> access security system
- Available for use with heavy-duty rail
- Can be ordered with (1029) or without (1029B) optional battery backup at time of purchase only

## MODEL 1129/1129B

Belt or chain drive

OHD **ANYWHERE**<sup>®</sup>

- Integrated Wi-Fi with OHD Anywhere<sup>®</sup>
- 24V DC motor
- Opening speed: Up to 6.5 in/second<sup>†</sup>
- 5 year motor and integrated gearbox limited warranty\*
- For residential sectional doors up to 8' high
- DC motor for quiet operation and lighter handling
- Standard lighting with capacity for (1) OHD LED Bulb (recommended); 60 watt incandescent or CFL bulb
- C-channel rail for strength and aesthetics
- CodeDodger<sup>®</sup> access security system
- Available for use with heavy-duty rail
- Can be ordered with (1129B) or without (1129) optional battery backup at time of purchase only

# RESIDENTIAL GARAGE DOOR OPENER ACCESSORIES

## LIGHT BULBS

### Garage door opener LED bulb\*

Common LED and CFL bulbs can emit interference to limit the range of garage door remotes. Incandescent light bulbs, which are being phased out due to energy inefficiency, can have their lives shortened by vibration associated with opener operation. The Overhead Door™ LED bulb solves these and other problems to ensure the garage door opener light doesn't leave your garage in the dark!

\*Not for use in California

39492R

Reduces or eliminates garage door opener remote interference

Vibration and shatter resistant

Cold weather tested and damp location rated

Bright, long lasting and efficient LED technology

## REMOTES AND CONTROLLERS

### 3-Button Remote

This remote with auto-seek dual frequency (315/390 MHz) allows you to operate up to 3 openers. It comes with a visor clip and can be used with a key ring. Backward compatible with all CodeDodger® equipped Overhead Door® openers.

37219R

### OHD Anywhere®

This smart device enabled garage door controller gives you the ability to operate the garage door with a smart device from almost anywhere. Check the status of your door and monitor who is using it for added peace-of-mind and control.

39394R

### 1-Button Remote

If the remote only needs to operate one opener, you may want our simple, easy-to-use one-button remote. Also features auto-seek dual frequency. Backward compatible with all CodeDodger® equipped Overhead Door® openers.

38502R

### 4-Button Universal Remote

This 4-button universal remote works with most major garage door openers and gate receiver brands in the industry! Each button can be programmed individually of the others to multiple manufacturer combinations. Visor clip or key chain option inside every box.

40660R

### 3-Button Master Remote

The 3-button Overhead Door® Master Remote is compatible with all Overhead Door® garage door openers manufactured from 1993 to present, as well as all Overhead Door® gated community receivers and Overhead Door® 9/12 units. The Master Remote features LED indicator and large, easy to find buttons.

37345R

### 2-Button LED Flashlight Remote

This remote features a powerful LED flashlight and operates up to two Overhead Door® CodeDodger® openers.

39647R

## KEYPAD AND WALL CONSOLES

### Wireless Wall Console

Absolutely no wiring required for operation! No need to have an additional wired wall console. The delay button allows a user an extra 10 to 30 seconds to exit before the door begins to move. Works with most Overhead Door® CodeDodger® equipped openers manufactured since 2013. Not compatible with Legacy® 800 Model 2026 and Standard Drive® 600 Model 1026.

39903R

### Digital Wireless Keypad

The wireless keypad provides convenient and secure garage access without the need for a remote or key. This is an ideal secure access solution for kids returning from school, when working on exterior home projects or when going out for a jog. Also uses auto-seek dual frequency. (315/390 MHz)

Choose a color for the flip-up cover that best complements your home.

37225R

### Multi-function Wired Wall Console

Featuring large push buttons for easy operation, this wired wall console also has our Sure-Lock™ button to disable the remotes and keypad for extra security at night or while away from home.

## SAFETY DEVICES

### Safe-T-Beam® Photo Eyes

Backward compatible with all Overhead Door® residential openers that use a sensor system on any door size. Rounded design helps prevent wayward objects from accidentally knocking them out of alignment.

37221R

### Battery Backup Units

Our battery backup options provide reliable operation when there is a power outage.

Destiny® 1500, Destiny® 1200, Odyssey® 1200 and Odyssey® 1000 are available with our external battery backup unit (PN 37229R).

Infinity™ 2000 and Legacy® 920 are available with integrated battery backup.

Legacy® 850 and Legacy® 650 openers have a battery backup as a standard accessory option. Battery backup for Legacy® 850 and Legacy® 650 must be ordered at time of purchase.

37229R

### California Residents:

As required by California State Law SB-969, all newly installed openers must have battery backup as of 07/01/2019.

**The Genuine. The Original.**

Since 1921, Overhead Door Corporation has not only raised the standards of excellence for the industry – we’ve created them. We created the first sectional garage door in 1921 and the first electric garage door opener in 1926.

Today, our network of over 400 Overhead Door™ Distributors are still leading the way with innovative solutions and unmatched installation, service and support. So look for the Red Ribbon. It’s your guarantee that you’re getting the genuine, the original Overhead Door™ products and services.
