Choosing a Door

What to consider when selecting a door

Courtyard Collection, Model 7520, X panel (167T), Brown finish, Stockbridge windows, decorative hardware

Style

Whether your home is classic or contemporary, we offer styles to best complement your home's architecture. For a distinctive, custom look, choose insulated doors from our elegant Courtyard Collection®, Thermacore® Collection, Impression Fiberglass Collection® or the custom fine wood doors of the Signature® Carriage Collection.

Safety

Our Impression Fiberglass Collection® doors provide peace of mind with pinch-resistant panels that help protect fingers. If you live in an area that is prone to high winds, ordered with the appropriate wind load options, our WindStorm™ doors provide reliable protection against high wind damage and offer fine craftsmanship, durability and style.

Comfort

If you live in a climate with extreme hot or cold temperatures, we recommend a well-insulated, thermally-efficient door to ensure your comfort. Some of our insulated doors, including the Courtyard Collection® and Thermacore® Collection, also feature a steel backing that lends a finished, clean look to your garage's interior.

Signature® Carriage Wood

Premium wood doors – Models 9940, 9950, 9960

Panel styles

Doors provided in unfinished, stain-grade or paint-grade wood. Models are available with or without windows and with square or arched tops.

For the full selection of windows for Traditional Steel doors please see page 37.

Glass types

Clear (Standard)

Obscure

Bronze

Optional glass include:

- Solar Bronze – Model 1600 (SP)
- High velocity glass – not available on Model 1600 (LP)
- Insulated glass – Model 1600 (SP)

Embossed wood grain texture

Adds beauty, sophistication and durability.

Model 1440//1540/1600

Reinforced door construction

For maximum strength, durability and minimal weight.

Model 1440

Model 1500

Durable finish

Hot-dipped galvanized steel with two coats of baked-on polyester paint.

Bulb-type bottom weatherseal

Guards against wind and rain while providing a cushion when closing.

MODELS	THICKNESS	POLYURETHANE INSULATION*	R-VALUE**	HEAVY-DUTY STEEL§	BACKING†	WARRANTY
1400	2"					15-year Limited
1440	2"			•		Limited Lifetime
1500	2"	•	7.4		Vinyl	20-year Limited
1540	2"	•	7.4	•	Vinyl	Limited Lifetime
1600	2"	•	9.8		Steel	Limited Lifetime

* Polystyrene insulation: Refers to insulation for improved energy efficiency and sound reduction.

** R-value: The higher the R-value, the greater the insulating properties.

§ Heavy-duty steel: A thicker, more durable and dent-resistant option, designed to withstand additional knocks and bumps from outdoor activity.

† Backing: Vinyl – For a clean, more finished look and added sound absorption.

Steel – Interior-side steel backing for strength and finished appearance.

WindStorm™

Wind load-rated system for garage doors

Our WindStorm™ rated doors not only provide reliable protection against high wind damage, but also feature fine craftsmanship, trouble-free performance, lasting durability and eye-catching curb appeal.
